TRUSTEES' MEETING

FEBRUARY 15 DATE OF GRAND VIEW DISTRICT ANNEXATION ELECTION

The Board of Trustees met in regular session at the City Hall at 8:10 P. M. All members present at roll call.

The minutes of the last regular meeting and of the Adjourned meeting were read, and a correction made on Page 201, substituting the words "vacation and abandonment" for "opening and widening" in connection with Colorado street near Verdugo Road. With this correction, the minutes were approved.

The City Clerk reported to the Board of Trustees that in the matter of the petition filed by certain electors residing northwest of the City requesting the annexation of said territory to the City of Glendale, which territory is referred to in the petition as the "Grand View District," that he had checked over the names of the electors appearing upon said petition with the great register in the office of the County Registrar of voters of Los Angeles County and had found that said petition was signed by 18 electors and that there were 31 electors residing in said territory described in the petition, and that it appearing that said petition was signed by more than one-fourth of the qualified electors residing in said territory described in the petition and that he had issued his certificate to that effect and attached the same to the petition on file, whereupon the Board of Trustees called before it, J. C. Sherer, City Clerk of the City of Glendale, Edward M. Lynch, City Engineer, and Frank E. Buckman who circulated said petition and procured the signatures thereto, who were by the Chairman of the Board of Trustees sworn as witnesses and who testified orally before the Board concerning the manner of investigation of the genuineness of the signatures of the petition on file, the number and sufficiency thereof and all matters pertaining to the filing of said petition, from which testimony the Board being satisfied of the sufficiency of said petition, thereupon on motion of Trustee Jackson and seconded by Trustee Grist, a resolution providing for the holding of an election in the territory described in said petition was taken up for hearing.

On motion, Resolution Number 978, "A Resolution of the Board of Trustees of the City of Glendale providing for the holding of a special election on the 15th day of February,

RECEIVES $25 PRIZE

CHAMBER OF COMMERCE RECEIVES CHECK WHICH WILL BE GIVEN RED CROSS

A. T. Cowan, president of the Glendale Chamber of Commerce received from the Pasadena Rose Tournament association Friday a check for $25, second prize for float in Class H in the New Year's day parade. This amount will be turned over to the local Red Cross Chapter. The committee who designed and decorated the float, consisting of Mrs. H. S. Duffield, chairman, Roy L. Kent, Mrs. E. M. Tuft, Mrs. Mabel Franklin Ocker and C. W. McFadden feel well repaid for the time and energy expended in the preparation of the float since this was the first time, at least in recent years that Glendale has won a cash prize at the Pasadena tournament. Besides winning this honor for Glendale the committee is to be congratulated that it can make this contribution to so worthy a cause.

ANNUAL CHURCH MEETING

The annual business meeting of the First Congregational Church of Glendale, was held on Wednesday evening in the church.

Dr. Geo. F. Kenngott, of Los Angeles, was elected chairman for the evening, owing to the fact that the church is without a pastor for the month of January.

The various organizations of the church presented their annual reports for the year, 1917. All of these reports were most satisfactory and proved the church to be in a strong position. Every department and organization reported all bills paid and a balance in the treasury. Forty-one new members were received into the church during the year 1917, making a total membership of 212 members, December 31st. The Sunday School is also prospering with an enrollment of 215 members on December 31st.

Rev. W. J. Marsh, of Whittier, has accepted a call as pastor of this church during the absence of Dr. Willisford, effective February 1st.

ELKS MOVE SATURDAY

WILL HOLD THEIR FIRST MEETING IN NEW HOME MONDAY EVENING

The Building Committee of the Elks' Club House will meet this afternoon to formally accept the building, then the Lodge will move Saturday, and Monday evening the first meeting will be held in the beautiful new hall. It is a lovely room, simple, dignified but not austere. The concealed electric lighting is furnished by reversed chandeliers which are suggestive of Egypt in design, and the only daylight which finds entrance filters through stained glass panels high up on the outside walls, azure gray in tint and designed by an Elk, Mr. Brown of Santa Monica. These panels are not included in the cost of the building, but were the gift of members of the Lodge. Mr. Brown made the leading address at the laying of the corner stone. Artistic mottling on the walls harmonizes with the leather upholstering of the seats which encircle the room and with the amber tints of the polished maple floor. At the east end of the room on either side of the rostrum are two recesses, one for the piano with a space above in which a memorial tablet will be placed, the other recess reserved for the secretary and above and behind that a loft for the organ which the Elks hope to possess some day.

The rest of the building is in keeping with this beautiful auditorium, a complete and ideal Elk's home. It is to cost exclusive of the bowling alley and outside improvements, $50,000, and the furnishings $15,000 more, but the district for which this Home has been provided extends from Pasadena to Fillmore.

In the basement is the big oil furnace which heats the building and in which a fire was lighted today; but of greater interest is the fine bowling alley, splendidly lighted by electricity and provided with the latest equipment for the pleasure and convenience of the players, at a cost of $2600, with shower baths and steam room in connection.

At the opposite end of the building are an excellent modern kitchen and a beautiful banquet and social hall, charmingly decorated, with a large stage flanked by dressing rooms at one end and polished hardwood floor for dancing.

The west wing of the main floor has been designed for the ladies—wives and daughters of members. It has a separate staircase and can be entirely shut off from the rest of the building. Here are an exceedingly pretty parlor, with panelled walls of heliotrope tinting, finished in white enamelled woodwork, and other rooms for the convenience and comfort of ladies.

Passing into the main entrance and reception hall the woodwork changes to mahogany. At the left is the main lounging room, a handsome, spacious apartment with a wonderful fireplace especially designed for it. In one corner is an unique club roster of tiles on which the names of members will be inscribed. There are 940 tiles and officials expect all of them will be needed.

Slightly to the rear is another handsome but smaller oblong card room, the decoration of which is the gift of Frank J. Kuntzner and Jacob Fink. It consists of long panels covering the West and North walls, the one a forest scene and herd of elk, the other a mountain lake on which a solitary Indian paddles a canoe. Both scenes are the work of Mr. Fink. The larger portion of this floor is occupied by the lodge hall already described, but there is still space left for a fine billiard room with two billiard and two pool tables, and bor a drill team room with individual lockers for each member.

The third and fourth floors have been reserved for bachelor apartments, twelve to each floor, but as yet only the third floor has been completed. These are quite charming rooms, tinted in blue, with big closets, each with its shower bath. There are also two big roof gardens which will be beautified and roofed with canvas in summer.

The dedication of the building will take place probably within the next

(Continued on Page 4)

DINNER PARTY FOR BRIDE

Mrs. C. R. Lusby, 321 S. Louise, entertained Thursday evening at a three course dinner party in honor of Mrs. Cecil Forbes, of Van Nuys, a recent bride who was formerly Miss Katherine Lennox. Brilliant poinsettias centered the perfectly appointed table where covers were laid for Miss May Franklin of Hollywood, Miss Dorothy Lee, Mrs. Harold Salisbury, Mrs. Roy McDonald, Mrs. Paul Pierce, Miss Ruth Pierce and the guest of honor and hostess.

PEACE CONFERENCE TERMINATES

TROTSKY MOVES CONCLUSION OF BREST-LITOVSK MEETING—RUSSIA REFUSES IMPERIAL DEVISED PEACE

(Special Service to Glendale Evening News)

AMSTERDAM, January 11.—The Russian German Peace conference at Brest-Litovsk has been terminated because Germany flatly refused to transfer negotiations to neutral soil, reports received early today indicated.

The Bolsheviki foreign minister, Leon Trotsky, himself moved the conclusion of the meeting, and German delegates formally announced all terms for a general peace meeting were considered definitely and finally off because of the failure of the entente powers to respond within ten days to the invitation to participate.

Count Czernin announced that henceforth the Central powers would be willing to negotiate only a separate peace with Russia.

"Russia will not agree to a peace devised by German Imperialists but will fight to the bitter end and depend on the great plain people of the Central powers to rise up and aid us in securing international peace," Trotsky declared.

Whether the suspension of negotiations was indefinite or final was not made clear in the dispatches.

UKRAINIA PRESENTS HER CLAIMS

LATEST REPORTS INDICATE THAT RUSSIAN-GERMAN PEACE CONFERENCE STILL CONTINUES

(Special Service to Glendale Evening News)

AMSTERDAM, January 11.—After the Brest-Litovsk dispatches received via Berlin had declared that Russian-German peace negotiations had been definitely closed, later messages indicated the resumption of negotiations. They stated the Ukrainians were presenting their demands.

Whether this means the full conference was resumed or that today's meeting was between the Central powers and Ukrainia, now recognized as an independent state, alone was not made clear.

SUFFRAGE AMENDMENT IN SENATE

LEADERS DEMAND IMMEDIATE ACTION IN UPPER HOUSE ON MEASURE REPRESENTATIVES PASSED YESTERDAY

(Special Service to Glendale Evening News)

WASHINGTON, January 11.—The battle of the nation's women for full suffrage was swung into the Senate today fresh from yesterday's complete victory in the lower house, when the Susan B. Anthony amendment passed 274 to 136.

Leaders are demanding immediate action in the upper house.

Suffragists are predicting a close but winning vote in the Senate.

NAVY CONTROL OF OIL RESERVES

MEASURE INTRODUCED IN SENATE WOULD SETTLE LONG CONTROVERSY OVER OIL LANDS IN WEST

(Special Service to Glendale Evening News)

WASHINGTON, January 11.—Senator Swanson of Virginia introduced a bill in the Senate today authorizing the navy department to take over and operate the naval oil reserves of California and Wyoming.

The bill has the backing of the navy department and is designed to settle the long controversy over private claims in the naval reserve.

CALLS FOR AMERICA'S AID

WINSTON CHURCHILL IN SPEECH DRAMATICALLY CALLS UPON U. S. FOR PROMPT ACTION IN CRISIS

(Special Service to Glendale Evening News)

LONDON, January 11.—Winston Churchill, British Minister of Munitions, called dramatically today for America's help.

"America! Come and aid us with all your might and speed, for this is the time for action on the largest scale ever planned," he shouted in a speech at the American Luncheon club.

Minister Churchill had just said, "We have arrived at a great crisis only to be satisfactorily solved by the vehement and effective action of the United Staes." He graphically pictured the peril resulting from the unceasing re-inforcements being piled on the front in the west from the front in the east.

"Probably the worst Armageddon is yet to be encountered," he said.

BAKER ON THE GRILL

(Special Service to Glendale Evening News)

WASHINGTON, January 11.—Secretary of War Baker on the grill this afternoon faced a barrage fire from the Senate probers designed to bring forth an explanation of his "rosy review of the army supplies situation."

When asked why he created a favorable impression throughout the country when the supplies were actually short in many of the cantonments, he replied that he was referring to conditions in the American army in France. The army is fully equipped "over there."

Sharp words were exchanged during the inquiry.

FLAG PRESENTATION

SCHOOL CHILDREN OF GLENDALE UNITE IN EXERCISE DEDICATING SERVICE FLAG

A few minutes before two o'clock a buzz of childish voices called attention to the fact that the 233 little scholars of the Colorado school, marshalled by Miss Ida Waite, the principal, were marching up Louise street to Broadway on their way to the scene of the service flag raising at Brand Boulevard. Each division was attended by its teacher, the little kindergarten pupils by Miss Jessica Prindle, Second Grade, Mrs. J. P. Pierce, Third Grade, Miss Mosher, Fourth Grade, Mrs. Robinson, Fifth Grade, Mrs. Sparks, Sixth Grade, Miss Chase. Seventy-five little boys and girls from the Doran Street school were already assembled under the leadership of their principal, Miss Hatch, and their two other teachers, Miss Collins and Miss Lund, and approaching on an opposite corner were about two hundred more from the Pacific Avenue school, with Mrs. Fannie O. Stone in charge, assisted by the teachers of the first, second, third and fourth grades, Mrs. Longley and Misses Todd, Walker and Circle.

A blare of music down Brand Boulevard announced the approach of the High School, led by its school orchestra. They came as guests and spectators, but with a proper interest in the great occasion.

Then, with the stage all set, came the children of the Intermediate school, splendidly marching to the rhythm of drum and triangle played by Victor Colburn, Chalmers Walch, Arthur Allyne and Robert McCourt. David Folz, in Boy Scout costume bore the national flag and led the procession. In the forward ranks were girls, dressed in white, carrying flags and bearing on their shoulders the flag of service. All have relatives in the war and for that reason were chosen to lead and display the service emblem. Then came ten boys and girls in khaki bearing the beautiful big service flag bought and made by pupils of the school. These ten boys and girls are from families who have sent boys to war and they therefore have a special interest in the stars of the flag.

Miss Midcalf, teacher of history and departmental work, arranged the line of march and composed the special salute to the service flag.

Miss Scholz, Physical Director for the Girls, supervised the marching of girls, while Messrs. Blanford and Lehman directed the boys. Other teachers who assisted were Miss Mallory, English Teacher and Librarian, Miss Noble, Vice Principal, Miss Wooldridge, Domestic Science teacher, Elizabeth Jackson, English teach-

(Continued on Page 4)

IMPORTANT MEETING

Tonight (Friday evening, January 11th) in the Glendale City Hall at 7:30 o'clock will be held a very important meeting. It has been called for the purpose of organizing this section, which includes Glendale, Tropico, and Casa Verdugo, as a division of the County Farm Bureau.

A committee to represent this section was appointed December 14th by Judge Gavin W. Craig consisting of the following persons: T. W. Preston, Chairman; Dr. Nat Green, W. W. McElroy, Alexander Mitchell, J. B. Doan, J. W. Usilton, Mrs. Marie Larkey.

The election of officers, appointment of delegates to the County Convention and other important business will come before the meeting and a large attendance of all citizens interested in the production and conservation of food, is desired.

RETIRED MINISTERS MEET

The Southern California Retired Ministers Association of the Methodist Episcopal Church met in the First Methodist Church in Los Angeles Wednesday, January 8. Over one hundred were present to enjoy the bountiful dinner served at noon and the excellent program that was rendered afterward.

Those present from Glendale were Rev. W. S. Blackburn and daughter, Miss Mary Blackburn, Rev. and Mrs. E. Hoskyn, Rev. and Mrs. C. R. Norton, Dr. Julius Soper, Mrs. Lizzie Manson.

This is the sixth year of the organization and Wednesday's meeting was one of the best ever held. Rev. John Hadley, Dr. Julius Soper and Rev. Thomas McCrary addressed the gathering and Mrs. Anna Nave rendered a beautiful musical selection of her own arrangement.

The association meets quarterly and the next meeting is scheduled for April 2, at Sycamore Grove.

Rev. C. R. Norton has served this association as secretary for the past four years.

URGES THRIFT

MOTLEY FLINT SPEAKS TO A LARGE AUDIENCE AT PACIFIC AVENUE SCHOOL

A very nice program was enjoyed at the meeting of the Pacific Avenue P.-T. A. Thursday afternoon. An excellent audience was present, many of the ladies busying themselves with knitting for the Red Cross while the meeting was in progress.

Mrs. Minette Sherman, president of the organization, opened the meeting and conducted the business session which preceded the program, at which a vote was taken to dispense with refreshments hereafter.

Following the program the picture vote was taken, Miss Walker's room securing the coveted privilege.

Mrs. P. O. Lucas reported her attendance upon the Reading Circle held at the home of Mrs. Toll on Kenneth Road and urged other ladies to avail themselves of what she considers a great opportunity; and Mrs. Sherman named four more delegates from the association to attend the coming month as follows: Mesdames Hanning, Halstead, Perkins and Miss Miles.

The president announced that the next meeting of the Association would be patriotic and that the program would be in charge of Mrs. Von Oven.

Superintendent White announced the Intermediate P.-T. A. meeting next Monday at 3:15 at which Mr. Hush, Coast Chairman of Junior Red Cross work, will be the speaker, and invited all present to attend.

Mrs. Stephen Packer announced an open meeting of the Tuesday Afternoon Club January 22d at which legislative measures in which women are especially interested will be discussed.

Announcement was also made by Mrs. Sherman of an Executive Board meeting which would be held at 2:30 p. m. just preceding the next regular meeting of the association.

The program opened with three very beautiful vocal numbers by Mrs. Robert Yost, accompanied upon the piano by Mrs. LeRoy Bosserman. The first of the trio was "Autumn Wind So Wistful," by Gena Branscombe, in which Mrs. Yost's full, rich contralto was displayed to advantage. The oth-

(Continued on Page 3)

NEW JUVENILE BOOKS

MRS. DANFORD USES "FINGERPOSTS TO CHILDREN'S READING" AS GUIDE

Mothers who have been interested in reading circle work will be glad to know the book, "Fingerposts to Children's Reading" has been used by Mrs. Danford, city librarian as a guide in selecting books for juvenile reading. Most of the books recommended have been ordered and are now being catalogued and will soon be found on the library shelves. Mrs. Danford felt the mothers would have more confidence in this list than in one she might compile herself. The list was selected and approved by people of superior mentality and large experience in child training and contains books that are interesting as well as superior from a literary standpoint. The increasing numbers of juvenile patrons will no doubt be greatly benefited by the addition of these books to the library and the mother who are familiar with the list will be gratified that the books are available to them and their children.

A LIVE COLE

The Christian Churches of Southern California seem to have found "George," and they "let him do it," or rather urge him to do it, when an emergency arises. And this "George" is Clifford A. Cole, pastor of the Central Christian church of Glendale. When those in charge of the Mid-year Convention held at Pasadena recently wanted some one to speak on the problem of evangelizing the large cities, they picked on Clifford Cole, because he had had four years' experience in such work in St. Louis. When the promoters of the Los Angeles School of Efficiency were casting about for members of the faculty some one said, "There's Clifford Cole, he will be a good one." So they put him on to teach two of the courses. And by the way, J. W. Utter, former pastor of the Glendale Christian church, is also a member of this faculty. Finally, when the pastor of the Figueroa Street Christian Church decided to put on an every member canvass and wanted some brother pastor to set forth the plan clearly in his pulpit, he called on Clifford A. Cole. And the Glendale church people are glad to lend their pastor for these great works of fatih.

GLENDALE, CALIFORNIA, FRIDAY, JANUARY 11, 1918.

WASTE IS CRIMINAL

"To waste now is nothing short of criminal." Secretary of the Treasury McAdoo.

The duty of the American people to economize in consumption of food and all other materials as well as save money can not be too often or too strongly urged upon them. The duty is so imperative, its observance so vital to our country's success, that it should be kept constantly before them.

The proposition is plain and understandable. We have lessened the productive powers of the country by taking 2,000,000 men away from the productive forces of the country; instead of producers of one kind or another the soldiers are consumers of the products of our farms, factories and the mines, and when the munitions they expend and will expend against the enemy are considered they are tremendous consumers of the manufactured products of the country.

A tremendous amount of the manufacturing energy of the country has been withdrawn from manufacturing the things we use in peace and put to manufacturing the things we use in war. The total loss to the country of the productive energy of our soldiers and sailors and the diversion of a great portion of the other productive energy of the country to war purposes lessen to a great extent the amount of material and supplies produced by the country.

To this condition of lessened production and increased consumption of and by our own men must be added the extraordinary demand made upon this country to supply the armies of our allies and to a great extent their population with food and other material.

We must meet the condition that confronts us in two ways—by the strictest economy in consumption, for every pound we refrain from using adds a pound to be devoted to the uses of our army and navy and the military forces of our allies; and by speeding up our production to the limit. The American people are going to do all that they know to be necessary to win this war—to shorten this war. They have only to realize the imperative duty of economy in saving and they will economize and save.

THE PEOPLE ARE SAVING

It has been pointed out as evidence of how strongly the duty of saving had been impressed upon the English people by the war-savings campaign in that country that in the year 1916, although purchasing billions of dollars of war bonds, the small savings bank depositors in England increased their deposits in savings banks over $60,000,000 this in face of the fact that the English have been noted as a spending rather than as a saving people.

It seems that a similar process has taken place in America. Two great Liberty loans were floated in the year just closed, and nearly $6,000,000,000 of Liberty loan bonds were purchased by the people. Yet instead of being depleted the savings banks deposits of the country have been increased. The president of one of the large New York savings banks is quoted as saying on December 20, 1917:

"One of the most remarkable things about the Liberty loan campaign is the small effect they have had on the savings banks accounts, which show an increase. This we lay to the appeals made to the American people to purchase the bonds out of their earnings, paying for them from week to week or from month to month. The people appear to be doing as they have been urged, purchasing the bonds from current savings."

ABOUT SUGAR SHORTAGE

The only strange thing about the sugar scarcity is that anybody should have been surprised at it. There was no reason why any well informed person should have expected anything else. The statement recently made by Mr. Hoover, while giving details not generally known, have had nothing essentially new in them.

Early in the fall the public was notified that France was entirely without sugar, and that she would remain without unless the United States shared its supply with her. The minimum quantity needed to carry the French to the end of the year was estimated at 100,000 tons. That estimate was based on their consumption of one ounce a day per capita. Inasmuch as our ordinary consumption is four ounces a day, it was felt by our government that we could, and should, save one-fourth of our supply and let France have it. And the public, insofar as it paid any attention at all to the matter, appeared willing and glad to make this slight sacrifice.

The food administration then proceeded to send to France the sugar it needed, taking care also, as well as it could, of England and other allies whose supplies were far shorter than ours. Since August, Mr. Hoover says, we have exported to our allies altogether a little more than 110,000 tons of refined sugar. About 250,000 tons of raw sugar have gone to them from Cuba.

That, of course, is the reason why we have been short on sugar. Even so, we should not have expected the shortage we have, if we had done our part and saved the ounce a day apiece. It appears that the majority of Americans have really paid little attention to the matter. They have eaten sugar about as usual, whenever it was obtainable, and kicked when it wasn't.

It's time to stop kicking, to acquiesce in the situation, to face the fact that there isn't sugar enough being made in the world now for everybody to go on eating it as usual, that our allies want far less than we do and won't get that unless we are generous and thoughtful enough to save for them a little of our comparative plenty.—Santa Ana Register.

A distribution schedule covering the North Atlantic States and eastern Ohio has been worked out by the Fuel Administration. This schedule shows the mining districts from which coal for this consuming territory is being supplied and the transportation lines along which the coal must move from the mines to the distributing centers. This information is expected to enable the railroad lines to take the amount of coal needed as directly as possible from the mines to central distributing points and thence on orders from State fuel administrators to the points of consumption.

Select Your Studebaker NOW—and Save Yourself Some Money

While the government has set a maximum price on steel, all other materials entering into a car are climbing up and UP and **UP.**

We feel safe in saying that within a few months, all cars will be priced several hundreds of dollars higher than they are now.

Be sure that your car is guaranteed by a great company, a company of known responsibility—Studebaker gives a twelve months' guarantee.

Be sure that your car has behind it a nation-wide organization of dealers, and we are prepared to give you systematic, generous service.

You know us—and you know Studebaker. We are in business to stay. The Studebaker car is one of the biggest values on the market.

Not for years to come will you be able to buy a car so cheaply. In reality, if you need a car, it is the best kind of ECONOMY to buy NOW. And Studebaker is the car to select.

Old cars taken in exchange. Terms to suit.

THE I. N. C. CLUB

A delightful luncheon was enjoyed Thursday by a group of Glendale ladies at the home of Miss Eloise Darby, 563 South Fremont Street, Los Angeles. The apartment and table were beautifully decorated for the occasion wtih red carnations.

It was more than a simple social function for the reason that the guests had been invited for the special purpose of effecting the organization of a luncheon club to meet fortnightly at the homes of members and knit for the soldiers.

There were many matters to be considered and one of the first things to be decided by the club was the luncheon menu, which all were agreed should be Hooverized and limited to three things.

The name of the organization called forth a good deal of discussion but the suggestion to name it the I. N. C. Club, which has special significance for members, met with unanimous approval.

A guest of honor at the luncheon was Mrs. Erma Weilein, of Waterloo, Iowa, house guest of Miss Darby.

Officers were elected as follows:
President, Mrs. L. F. Kerri,
Secretary, Mrs. H. E. Johnson.
Treasurer, Mrs. E. D. Gregg

The roster of the club to date includes the following Glendale members: Mesdames R. P. Foss, P. Biederich, E. D. Gregg, L. F. Kerri, L. A. Hayman, D. Phillips and H. E. Johnson. Los Angeles members are: Mesdames K. K. Kelly and D. Severns and Miss Eloise Darby.

A collection will be taken at each meeting and at regular intervals the accumulated funds will be donated to the Red Cross.

MANY REGISTRANTS

Thursday there was a larger personal attendance of registrants bringing Questionnaires to the headquarters of the Exemption Board than any previous day since registration began. Nearly one hundred men visited the rooms.

This morning Messrs. Mackay and Flint were helped by Attorney Oliver O. Clark in assisting registrants. Olin Spencer, who has given such efficient help, is a member of the Federal Grand Jury and was this morning summoned to a session of that body which is probably considering the evidence in the cases before the government in connection with the smuggling of arms into Mexico.

Chairman Lanterman stated that physical examinations will begin next Wednesday at 1007 West Broadway, where a room for the purpose has been donated by the owner of the property, Rev. Proctor Knott. It is the first door east of the office of Sam P. Stoddard, through whose kind assistance the quarters were secured.

Arrangements for heating and lighting will be made with the City Service Department and with the Southern California Gas Company.

ORDER TO SHOW CAUSE WHY ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE.

No. 35726. Dept. 2.

In the Superior Court of the State of California in and for the County of Los Angeles.

In the Matter of the Estate of Alonzo S. Gear, Deceased.

It is Ordered, By the Court, that all persons interested in the estate of said deceased, appear before the said Superior Court on the 18 day of February, 1918, at 10 o'clock A. M. of said day, at the Court Room of said Superior Court, Department 2 thereof, in the Court House, in said County of Los Angeles, State of California, to show cause why an order should not be granted to the executor of said estate to sell so much of the real estate of said deceased as may be necessary.

And that a copy of this order be published at least four successive weeks in the Glendale Evening News a newspaper printed and published in said County of Los Angeles.

JAMES C. RIVES,
Judge of the Superior Court.

Dated January 9, 1918.

WEATHER FORECAST—Fair tonight and Saturday. Killing frosts. Northwesterly winds.

Personals

Miss Hazel Shackford, 406 West Third street, entertained at luncheon Thursday, Dr. and Mrs. L. H. Hurtt, of 3816 Ingraham street, Los Angeles.

Miss Lyda Barrett and Mrs. Mary Cook, of Sioux Falls, S. D., who are touring Southern California, with headquarters at Long Beach are guests of Mrs. Annie L. Smith, 1427 Riverdale Drive, this week.

Mrs. C. R. Norton of 373 West Third street, went to Los Angeles Thursday to be the guest of her daughter Mrs. Alma Hillyard, 2143 Thompson street, who is entertaining today.

URGES THRIFT

(Continued from Page 1)

er two songs were: "Good Morning Brother Sunshine," and a "Lullaby", very sweet and tender.

At the conclusion of her contribution, Motley Flint, well known banker of Los Angeles, who is leading the promotion work of the Thrift Campaign in Southern California, was introduced by Mrs. Sherman and began a forceful, direct address in which he endeavored to bring home to each individual in the audience his or her personal responsibilities in connection with the great war.

"From now on," said he, "there should be the fixed determination that our every act shall be animated by the single purpose to end this war as quickly as possible, and so save the lives of thousands of our soldiers now destined for the French Front. Seven millions of men have been wiped out, twelve millions have been maimed or killed, fifty millions of men are now under arms.

"The United States is today facing the most critical time in its history, but everywhere are men who are willing to sacrifice; great men holding positions which are paying them $100,000 a year have gone to Washington and are working for $1 a year. We criticise the big men, but it is the big men whose endeavors will make it possible to win success in this war. What are you doing to help? When you buy liberty bonds you are not doing much, you are simply advancing money on perfectly good security.

"Because this war is here to be carried on, the money must be raised and shall be raised. IF WE DO NOT HAVE PEACE WITHIN THE NEXT FEW MONTHS IT WILL RUN ON FOR YEARS.

Mr. Flint then reviewed the course of the war since the entrance of the United States, thanking Providence for weather which has baffled the German hosts on the Italian front, and setting forth the expected great drive by Germany on the Western front assisted by conscript soldiers from Russia. "If Germany is successful in that drive it means," said he "that the United States will have to place no less than twenty millions of men on that front. Let us hope these peace negotiations will amount to something."

He then described the transport of troops to France by way of Halifax, protected by war ships and cruisers, and by fleets of submarine destroyers and aeroplanes.

"If we are willing to sacrifice for the American soldier," said Mr. Flint, "we must practice thrift and learn the lesson which England has learned since the war began. France has always been a wonderfully saving nation. When there was a liberty bond issue in France, the peasants gathered at six o'clock in the morning and stood in line at every little postoffice to buy bonds. Tell your friends if they bought liberty bonds to keep them and not trade them for merchandise. If you want to be patriotic, keep your liberty bonds. They are the best security in the world."

He then described the National Savings Associations which are being formed wherever ten persons are ready to form an organization and stated that Los Angeles is more advanced in this work than any other county in the state, that in Los Angeles city alone, fifty savings associations have been organized with large enrollments.

Richardson D. White followed Mr. Flint with a brief speech in which he stated that the sale of thrift stamps has been going on in the Intermediate school which secured a supply of 500 stamps Monday of which but fifty were left, and said that other schools of Glendale were doing very well in the campaign.

DAINTIES FOR HOSPITAL

I thank the ladies of Louise, Maryland, Jackson, Broadway, Kenwood, Howard, Isabel and Second Sts., Glendale for the munificent manner in which they helped me to give the Children's Hospital of Los Angeles a shower of fruit, jellies, jams and canned fruits. Over 200 jars and glasses were received at Christmas and the following Tuesday.

GREETING TO THE READERS OF THE EVENING NEWS

By SAMUEL PARKER

For Parkeretts do you really hanker?
In proof of my regard for you—
I'll sharpen up a New Year pencil,
And run you off a few.

To none of us doth it appear
How oft we shall meet this year.
But when we meet, or when we part
By act or word, show a friendly heart.

Hon. Finis J. Garrett, a member of Congress from the State of Tennessee is persistent in his efforts to make Congressmen pay tax on salaries the same as any other people. We discount our cry for world-wide democracy when we build up class privilege right at home. What right has John Doe to frank his laundry across the continent, and make you pay for it? Garrett is right. Strength to his good right arm. But wait until the war is over. "Why?"

This war has developed great ability to writers, and not alone the country press, but the metropolitan as well shows a wealth of army information, running from camp to home; immense in magnitude and in this way sure of deeply interested readers. A casual examination of these letters to the home paper will discover evidences of marked ability in many cases and only yesterday I found one written in "Walt Mason's" style long enough to make about four of "Walt's". And every line would have done credit to "Walt" himself.

It was not very long ago, when if a woman asked for a little more freedom in the work zone, she was reminded of her sphere and to remain in it. Facetiously she was reminded that her place was to "wash his vituals and cook his clothes." When the pressure became more urgent, the man asked querulously "What can a woman do?" Today that same man says to his fellows, Boys what are we going to do? Jocosely now, let the emancipated woman retort to "Wash grub and cook clothes."

A big contemporary drives dullness our of its columns by generous use of matter furnished by a writer who strangely calls herself "Mrs. Solomon." From the familiarity she manifests with the social conditions of that early time from the Queen of Sheba down (or up) it might be readily inferred that she had a line up with the favored "1090," but you cannot afford to so think after looking at her picture.

Hom many strange things take place nowadays about which you never would know did I not tell you. He had been reading Wilson's latest and was so full of admiration that an explosion seemed imminent. Washington's, Adams', Jefferson's, Lincoln's all suffered in comparison—and yet a few brief months ago and the same man was belittling the same President. He was academic, his public papers smacked of the professor, and had the smell of the college lamp, etc.

To have stopped the study of German language in every school in the land and taken from every public library every German book, with contents mostly eulogistic of German and the Kaiser, would have been patriotic action at that time, the earlier the better and yet we hesitate to act today, officially. But we go for the poor fellow who by a slip of the tongue shows German antecedents in any way. To teach German in the public school at the public expense is giving aid and comfort to the enemy. Declaring a state of war with Germany should not have been a day old until followed by such an order.

How many members of Congress will invite further pulverizing of the political steam roller? Sure to get him should he oppose the Anthony Suffrage Constitutional Amendments they are now considering. Whatever other reason you urge for opposing, don't give that of a fear of increasing the "ignorant" vote. That impeaches the intelligence of your mother. And odds on it, she knows as much as you do. Look out for the steam roller.

The machinery moving our boasted melting pot slipped a cog, yea several cogs, in the light of events now being unrolled daily. We see it now how completely we pulled Germany on us, for 50 years. Oh so easy. Not so easy to get him off, is it? Yes, "raus mid him," must be our continuous war cry.

RED CROSS LUNCHEON

Mrs. Jack Boettner, who has charge of the Saturday Lunches at the Red Cross Store, 318 South Brand announces that she will be well equipped to serve all diners who come tomorrow (Saturday), as the transfer of department work to the new quarters in the Bank of Glendale building, will leave plenty of room for luncheon patrons and she will be better equipped than ever before to serve an appetizing menu, cafeteria style.

In this connection she has asked the Evening News to remind the public that donations of food either raw or cooked, will be very welcome. Dishes and tables are also badly needed. Any one willing to loan or donate any of these articles is asked to communicate with Mrs. Jack Boettner, 1228 W. Ninth street, or to visit the headquarters on Saturday.

RED CROSS NOTES

Members of the Congregational Ladies' Aid, who assembled Thursday at Red Cross headquarters for luncheon and service during the afternoon, made quite a record. Fourteen bed shirts were manufactured by them, and nineteen dozen buttons were covered, besides considerable repair work. In consideration of the shortage of sewing machines, and the time they spent in witnessing the dedication of the Service Flag, it was a very creditable showing.

Sewing machines are much needed at the new quarters for the Red Cross over the Bank of Glendale, and any one who is willing to give or lend a machine is asked to communicate with Mrs. Blackburn, Glendale 1147.

Six new memberships were taken out at headquarters of the Red Cross Thursday.

The Red Cross Shop at 318 South Brand reported sales Thursday of $6.07.

Monthly subscriptions can be paid at the new headquarters of the Red Cross over the Bank of Glendale.

A shipment of hospital garments and knitted goods will be made to San Francisco next Tuesday by Mrs. A. S. Chase, chairman of packing.

"Are you trying to economize?"

"Yes. I've actually gotten on so far that I've quit telling other people what to do without and am going without a few things myself."

WE PAY YOU TO SAVE

Nothing Succeeds Like Success

Except saving the results of success—be it from labor or business.

If your success comes in a small way, save a part. Small accounts soon yield large, if left in our Savings Department. A small sum—even a dollar—will start an account, and it's here for you subject to your call at any time.

TRUSTEES' MEETING

(Continued from Page One)
1918, for the annexation to the City of Glendale of certain territory designated as Grand View District, and giving notice of such election as provided by law," was taken up for reading.

On motion of Trustee Muhleman, the same upon being read, was adopted.

At this time the Chairman announced the presence of a number of members of the Board of Trustees of the City of Tropico and called upon them for an expression upon the subject of the consolidation of the two cities. Mr. Peters, Chairman of the Board of Tropico Trustees, responded, expressing his satisfaction with the union of the two cities, believing that the result would greatly benefit the whole community.

A communication was read from the City Manager and Chairman of the Public Works Committee, stating that work had been started for the reconstruction of a portion of Tropico Avenue, and making certain other recommendations in reference to work upon that thoroughfare, the estimate of the cost of the work was approximately $600, and recommendation was made that the Street Department be authorized to proceed with the work without delay; also to rebuild the curb on the northwest corner of Central and Tropico Avenues on a twelve foot radius if the consent of adjacent property owners is obtained.

On motion of Trustee Grist, the communication was ordered to be received and filed, and the recommendation was concurred in; the Street Superintendent being instructed to proceed at once with the work.

The Chairman of the Board reported that the wind storm of the last twenty-four hours had demonstrated that the new municipal flag pole at the corner of Brand Boulevard and Broadway is not heavy enough to withstand the strain upon it, and recommended that such additions be made to it as will make it secure. On motion of Trustee Muhleman, the City Manager and the Manager of the Public Service Department were authorized to have this work done, and to make such expenditure as is necessary to make the pole safe, and that further, the Police Department is instructed to look after the taking down of the flag or flags in bad weather.

The City Attorney reported that owing to certain negotiations with the Newport Company, it was desirable to postpone the trial of the case between that company and the City of Glendale, and it had therefore been agreed between that company's lawyer and himself that there should be a postponement of the case from the date set at present, January 22d.

On motion, Resolution No. 979, "A Resolution of the Board of Trustees of the City of Glendale declaring the necessity of the acquisition and maintenance of a gas distributing system for said city," was taken up for reading.

On motion of Trustee Jackson, the same upon being read, was adopted.

Trustee Jackson made a motion which was adopted, that when the Board adjourned, it be to meet at 7:30 P. M. Tuesday evening, January 15th next.

On motion of Trustee Grist, it was ordered that the license of P. Rosenfeld, junk dealer, be revoked.

The Chairman of the Board made the following nominations for members of the Public Library Board:

Walter Hibbert,
Mrs. H. E. Bartlett,
Olin Spencer.

On motion of Trustee Jackson, the nominations were confirmed.

ELKS MOVE SATURDAY

(Continued from Page One)
two weeks. When it does, the fourteen lodges between Santa Barbara and San Diego will participate. The program will be in charge of Exalted Ruler, Albert D. Pearce, and the ritual service will be followed by an entertainment.

The building committee expresses the warmest appreciation of the efficiency and fine team work of the architect, Alfred Priest, and the contractor, Roy Kent. Colonel Cameron Thom will have charge of the planting of the lawn and shrubbery, and Peter Ferry will make driveways and parkings. These men and nearly all others who worked upon the building are Elks.

J. W. Usilton is chairman of the efficient building committee which has worked as one man to bring this great project to its successful completion. His associates are R. M. Jackson, L. L. Forrest, Peter L. Ferry, A. L. Weaver, and J. W. Pearson. Through the kindness of Mr. Usilton the representative of the News was given this private view of Glendale's latest architectural triumph, and a peep into the plans of the organization.

A READY WITTED PARSON

The evening lesson was from the book of Job, and the minister had just read, "Yet, the light of the wicked shall be put out," when immediately the church was in total darkness.

"Brethren," said the minister, with scarcely a moment's pause, "in view of the sudden and startling fulfillment of this prophecy, we will spend a few minutes in silent prayer for the electric lighting company."—Boston Transcript.

FLAG PRESENTATION

(Continued from Page One)
er, and Mr. Hartman, instructor in Manual Training.

Columbus Avenue school was there supervised by its principal, Mrs. Cora F. Taylor, assisted by Mrs. Johnson, Misses Church, Yarnell, Mitchell, Berry and Douglas, teachers of the second, third, fourth, fifth and sixth grades, and Miss Tyler of the ungraded room.

Sickness prevented the full complement of the Broadway School from attendance but about two hundred children were there under the direction of their principal, Mrs. M. O. Ryan, assisted by Mrs. Helen Salisbury, kindergarten teacher, Miss Matthews, first grade; Miss Ruth Pierce, second grade; Miss Edith Wataman, third grade, Miss M. M. Steik, fourth grade, Miss Claudia Cart, who is substituting in the fifth grade; Mrs. M. A. Rucker who has charge of the ungraded room.

Central Avenue School children were there too with their Principal Miss Annie McIntyre, assisted by Misses Emma Saxton, Vera McPherson, Susan Cooper, and Elizabeth Edwards, teachers of the first, second, third, fourth, fifth and sixth grades.

Almost at the exact moment fixed for the ceremony, Richardson D. White, Superintendent of Schools, ascended the platform and made the preliminary address in which he said:

"We are gathered here to take part in the presentation to the City of Glendale of a service flag which represents the young men of Glendale, Tropico and Casa Verdugo now in the service of the United States. This flag, made by the children of the Intermediate School, will be presented to Mr. Thompson, chairman of the Board of Trustees, by Stanley Walker, representing the Intermediate School."

Stanley then made a brief, simple little speech in which he presented the flag to the city as a tribute to nearly two hundred boys who have left their homes to serve their country, some in camps in our own land, some on the high seas, some in France.

In response Chairman Thompson said: "About two weeks ago we were presented with a glorious Stars and Stripes and with a beautiful Red Cross flag. It gave me great pleasure to accept them and it gives me even greater pleasure to accept this emblem from the Intermediate School. It means much to me because it represents the pure patriotism that should be in every American heart. The arrangement of the stars which you have made in a kind of sun burst means to me that the eyes of the World are centered upon the United States and depending upon it for the help which will bring victory. The design could not have been bettered. You children who have bought and made this beautiful flag will remember this day as long as you live. You will remember with pride that you had a part in donating this flag to the City of Glendale."

While the flag was being attached to the rope by which it was to be hoisted, children of the Intermediate School, led by Miss Margaret Wetherby, Supervisor of Music in the Glendale City Schools, sang very beautifully, "Keep the Home Fires Burning," then, to a burst of applause, the flag was drawn to the top of the pole, and all the little flags in the hands of the children waved and fluttered in sympathy with the bigger flag.

The special salute to the service flag composed by Miss Midcalf, was then given by the Intermediate school as follows:

"We pledge our hearts and hands in honor and support for the men who have pledged their lives for our freedom and protection."

This was followed by the singing, by the school, of the new verse of "America," beginning: "God save our noble men."

A militant but very patriotic prayer for the success of our armies, and the triumph of democracy, for the moral welfare of our soldiers and sailors, for the confusion of our enemies, and invoking a blessing on our schools, our town, our country, our world, was offered by Rev. C. R. Norton, Veteran of the Civil War.

Then all united in singing "The Star Spangled Banner" led by the cornet players, Zenas Smith and Cecil Percey, of Union High School. Miss Evelyn Apple of the Intermediate, was the piano accompanist for all the musical numbers.

The program ended, very properly, with the salute to the Stars and Stripes in which young and old united.

LA CRESCENTA

Thirty high grade Saanen and Toggenburg milch goats were sold last week by the Siemer ranch of this district to the California School for Girls at Ventura, says the Los Angeles Times. The purchase price is understood to have been $900. The ranch is owned by Henry Siemer of Los Angeles and is situated, for the most part, in the foothills. Mr. Siemer started in the goat business about twelve years ago and now has a herd of 200 animals. The herd is in charge of a Swiss herder, who is well versed in goat lore.

That it might have terminated in a disastrous fire had help not promptly arrived from many quarters is the general opinion of the brush fire that started back of the old school house on Wednesday about 10 a. m. The teachers and school children fought it bravely and did good service until the arrival of the men with shovels and sacks. Mr. H. S. Bissell saw the flames from his home and brought a full load of his men. Mr. Beiscar and son, Mr. Pardee, Mr. Nettelton, Mr. Hanger from the Fairmount Hotel, Mr. Stover, Mr. Chambers, S. M. Escalle, Mr. Teitsworth, Mr. Jackson, Mr. Potter, Mr. Minford and others worked valiantly to prevent the flames spreading across Los Angeles or getting too near the old school building. After the fire was practically out, Mr. Bissell ordered all the grass and weeds burned away around the building leaving it now in a comparatively safe condition. How did it start? No one seems to know. The children discovered it at the 10 o'clock recess. All thanks are due to the helpers who came to aid in the work and also to Mrs. Wetherbee who so kindly used her telephone to summon help from all quarters.

The La Crescenta Women's Club met at the home of Mrs. Nettelton on Wednesday. A big attendance was noted. The new officers for the year were installed and a splendid social time enjoyed. The hostess observed wheatless day and served oatmeal cookies as part of the refreshments. The next meeting will be held Feb. 13, at the home of Mrs. Potter.

The Red Cross classes turned in 2555 surgical dressings to headquarters. This is five days' work. Will you help to better it? Come out Tuesday and work for our boys. Will you make a monthly donation, if only 25c a month? Our supplies are very low and it is only by contribution that we can purchase materials for the dressings.

Have you a son, a brother, or some one near and dear to you in any of the camps. They might be the very boy that will need some of these dressings and what if the supply is short?

Think this over and resolve to give a day to the work and a contribution to the fund to help your Boys—your Country.

Mrs. Lewenstein is expecting her son George home from San Francisco this week.

Mrs. Nichols is entertaining her uncle, Mr. Parker, as a week-end guest.

Mr. Pardee has returned from a vacation up north.

Mrs. Levy on New York avenue, has traded her place for property in Los Angeles.

F. H. Anderson has rented the Hill place in Montrose.

Clarence Chambers is leaving La Crescenta for San Pedro. Good luck go with you, we'll miss you.

Next Tuesday at the Picture Show "The Pinch Hitter," a baseball and college story. Joel Parker (Charles Ray) is an awkward unassertive youth, son of a close-fisted old farmer of Turkey Creek, Vermont. He finally gains permission to go to a small backwater college where he is hailed as Ichabod Crane, reincarnated because of his grotesque clothes, which were evidently purchased at the General Merchandise Emporium before Joel was full grown. Despite the handicap of poor clothes and a lack of confidence in himself, he makes good at college and establishes himself with the fellows, by winning a baseball victory for the school. Abbie Nettleton, proprietor of the "Students' Progressive Cream Puff Parlor" sympathizes with the gawky youth and encourages him in every way and it is because of her that he has tried out on the team and finally lands the big victory. Incidently he wins the girl too, and more than that the respect of his crusty old father.

SUNLAND

Among the guests of Mr. and Mrs. George Huse who enjoyed a picnic dinner in the beautiful Monta Vista Park last Sunday were Mr. and Mrs. Joe Kidwildes of Ireton, Iowa; Mr. and Mrs. N. D. Huse, of Los Angeles, and Mr. and Mrs. W. O. Huse of Fresno, Mr. and Mrs. Kidwildes are spending the winter in Southern California and are delighted with the lovely scenery and climate of Sunland. They arrived in Los Angeles Friday from the east where they had experienced two months of severe winter weather.

Dr. Glen Hammond of Sunland, has been appointed on the examining board in Los Angeles and entered upon his duties last Monday.

Mr. and Mrs. George Perrey of Los Angeles, accompanied by a party of young people motored to Sunland last Sunday to see the Misses Minita and Gladys Huse and eat lunch in the park under the oaks.

Miss Elizabeth Blumfield is back in school after an attack of pneumonia.

Quite a number from Sunland attended the funeral of Rev. Alfred Adams, Sr., at Highland Park church last Saturday.

The school children of Sunland are making a big drive on Thrift Stamps. They are surely "doing their bit." They are for sale at the post office.

The workers on the State highway are doing rapid work. The roadbed is about completed ready for the cement to First street.

Mrs. Al Shelly writes from Madera that they are delighted with their new home. She has had her house in Sunland papered and repaired and this cozy bungalow is now for rent.

RULES MODIFIED TO ADMIT NURSES TO THE ARMY CORPS

Because of the great need for nurses in the Army Nurse Corps of the Medical Department, certain requirements, it is announced, are waived for the period of the war emergency and the applications of all graduate nurses who are professionally, physicially, and morally qualified for service will be given consideration while the emergency exists.

Registered nurses are preferred but registration may be waived for the period of the emergency.

A nurse between the ages of 21 and 45 will be considered, as also will those who are graduated from hospitals of less than 100 beds. The age requirements heretofore specified were 25 to 35 and only graduates from hospitals of 100 beds and more were eligible for appointment.

Nurses, under the temporary revision of rules, are not required to purchase new uniforms but may use any white uniform which they may have. Should it be necessary to purchase new ones, those conforming to the specifications for the Army should be obtained.

Heretofore only nurses who were citizens of the United States or who had made declarations of their intentions to become citizens were eligible to join the Army Nurse Corps. While the war emergency exists, nurses who are citizens of one of our allied countries may receive appointments in the corps if they are eligible professionally, morally, and physically.

A nurse may be appointed for three years or for the period of the war emergency only. It is not necessary, it is stated, for a nurse to be a member of the Red Cross Nursing Service to be eligible for appointment. A nurse traveling under orders is given a first class ticket, Pullman car accommodations included, and is reimbursed for incidental traveling expenses not to exceed $4.50 per day for meals and tips.

It has been announced that 37,500 nurses will be needed in the Army Nurse Corps.

SQUELCHING A DEALER

"Can I sell you some antiques, sir?"

"What have you in stock?"

"I've got a chair George Washington sat in, a cradle Jenny Lind was rocked in, a mirror used by Catherine the Great of Russia and"—

"Say no more. These things are comporatively modern."

"But consider sir"—

"I want some real antiques. In fact I am anxious to acquire the set of tools used by Noah in building the ark."—Brooklyn Citizen.

AS TO EATING

It is a good plan not to eat when you are hurried.

When you are troubled.

When you have no appetite.

When you are laboring under any strain of mind.

When you cannot lay aside every care and give yourself up to leisure by enjoyment of the meal.

IMAGINARY

"Father," said the little boy, "every now and then I hear you talking about somebody who was old enough to know better."

"Yes, my boy."

"What age is that, father?"

And the old gentleman after some thought replied:

"My son, there isn't any such thing. It's like the golden age—purely mythological."
